

Corrugated tubes in PVC for electrical wiring.

Uses

Suitable for flush wall and ceiling mounting to protect the electric conductors.

Characteristics

Fire behaviour

Non flame propagation

Compressive strength

320N

Dimensions

UNE-EN 60423

Bending resistance

Pliable

Packing

100 m. rolls for 16 and 20; 75 m. for 25; 50 m. for 32; and 25 m. For 40, 50 and 63. 16: 20: 25: 32: 40: 50 and 63

Impact resistance

1J

Maximum temperature

60°C

Minimum temperature

-5°C

Standard

UNE-EN 61386-22

Electrical properties

Not available

Technical data

Diámetro nominal	Diámetro exterior mm	Tolerancias mm	Diámetro interior aproximado mm
16	16	+0/-0,3	10.7
20	20	+0/-0,3	14.1
25	25	+0/-0,4	18.3
32	32	+0/-0,4	25.3
40	40	+0/-0,4	31.2
50	50	+0/-0,5	39.6
63	63	+0/-0,6	52.6
