grupo-revi.com

Double wall tubes with a corrugated outer layer and a smooth inner layer, manufactured in fireproof polyolefin.

Uses

Suitable for flush mounting to protect the electric conductors.

Characteristics

Colours	**White**	Compressive strength	**320N**
Fire behaviour	**Non flame propagation**	Bending resistance	**Pliable**
Packing	**50 m. rolls**	Impact resistance	**2J**
Standard	**UNE-EN 61386-22**	Maximum temperature	**90ºC**
Electrical properties	**Insulating**	Minimum temperature	**-5ºC**

Technical data

Diámetro nominal	Diámetro exterior mm	Tolerancias mm	Diámetro interior aproximado mm
40	40	0.8	30
50	50	1	37
63	63	1.2	47
90	90	1.7	67
110	110	2	82
160	160	2.9	120
