

Corrugated tubes in halogen-free, fireproof polyolefins.

Uses

Suitable for flush wall and ceiling mounting to protect the electric conductors. Specially recommended where a low emission of smoke and corrosive gases is needed

Characteristics

Colours	Grey	Compressive strength	320N
Fire behaviour	Non flame propagation	Bending resistance	Pliable/ Transversely elastic
Dimensions	UNE-EN 60423	Impact resistance	1J
Packing	100 m. rolls for 16 and 20; 75 m. for 25; 50 m. for 32; and 25 m. for 40 and 50	Maximum temperature	90°C
Standard	UNE-EN 61386-22	Minimum temperature	-5°C
Electrical properties	Insulating		

Technical data

Diámetro nominal	Diámetro exterior mm	Tolerancias	Diámetro interior aproximado mm
16	16	+0/-0,3	10,7
20	20	+0/-0,3	14,1
25	25	+0/-0,4	18,3
32	32	+0/-0,4	25,3
40	40	+0/-0,4	31,2
50	50	+0/-0,5	39,6
