

## Corrugated tubes in fireproof polyolefins.

### Uses

Suitable for flush wall, ceiling and floor mounting.  
Specially recommended for concrete-embedded installations.

### Characteristics

Colours	<b>Grey</b>	Compressive strength	<b>Middle: 750N</b>
Fire behaviour	<b>Non flame propagation</b>	Bending resistance	<b>Pliable/ Transversely elastic</b>
Dimensions	<b>UNE-EN 60423</b>	Impact resistance	<b>Middle: 2J</b>
Packing	<b>100 m. rolls for 16 and 20, 75 m. for 25, 50 m. for 32 and 25 m. for 40 and 50</b>	Maximum temperature	<b>90°C</b>
Standard	<b>UNE-EN 61386-22</b>	Minimum temperature	<b>-5°C</b>
Electrical properties	<b>Insulating</b>		

### Technical data

Diámetro nominal	Diámetro exterior mm	Tolerancias mm	Diámetro interior aproximado mm
16	16	+0/-0,3	10,7
20	20	+0/-0,3	14,1
25	25	+0/-0,4	18,3
32	32	+0/-0,4	25,3
40	40	+0/-0,4	31,2
50	50	+0/-0,5	39,6
63	63	+0/-0,6	52,6
