Corrugated tubes in fireproof polyolefins.

Uses

Suitable for flush wall, ceiling and floor mounting.
Specially recommended for concrete-embedded installations.

Characteristics

Colours	 Grey
Fire behaviour	 Non flame propagation
Dimensions	 UNE-EN 60423
Packing	 100 m. rolls for 16 and 20, 75 m. for 25, 50 m. for 32 and 25 m. for 40 and 50
Standard	 UNE-EN 61386-22
Electrical properties	 Insulating
Compressive strength	 Middle: 750N
Bending resistance	 Pliable/ Transversely elastic
Impact resistance	 Middle: 2J
Maximum temperature	 90°C
Minimum temperature	 -5°C

Technical data

Diámetro nominal	Diámetro exterior mm	Tolerancias mm	Diámetro interior aproximado mm
16	16	+0/-0,3	10,7
20	20	+0/-0,3	14,1
25	25	+0/-0,4	18,3
32	32	+0/-0,4	25,3
40	40	+0/-0,4	31,2
50	50	+0/-0,5	39,6
63	63	+0/-0,6	52,6
